OF PUMPKINS, GREAT AND NOT SO GREAT...

halloweencomicfest.com
HALLOWEEN
ComicFest
October 28
2017

Years ago, I realized that I loved monsters and scary things. Halloween was always my favorite of holidays (well, after Christmas). For me, Halloween meant watching *It's The Great Pumpkin, Charlie Brown*, and then sometime after that, accompanied by a family member, trick or treating in my old neighborhood. As I got older, my friends from the block and I would go trick or treating on our own, every year going a little further past our cul de sac, the facing street, to the neighborhoods beyond where our classmates lived. Then it was over. Like everyone else, we outgrew the ritual... but I still held onto my love of monsters, scary things and Halloween.

I bring this up in the middle of summer (it IS July, after all), because for us here at ***PREVIEWS***, it's time for us to solicit items to be in shops by September... which is when you start seeing Halloween merchandise fill up your local drug and department stores, and those seasonal costume shops pop up in various empty storefronts overnight. It's "Halloween in July" here at ***PREVIEWS***, and like previous years, we have a spooktacular selection of new and backlist comics and graphic novels of a horrific nature, plus plenty of new masks, costumes, and accessories to get you ready for a night of wandering the neighborhood in search of treats, or to make you the (un) life of the party!

We're also gearing up for our sixth annual *Halloween ComicFest* on Saturday, October 28th! Much like *Free Comic Book Day*, fans can go to participating comic shops to find a variety of free comic treats for their loyal customers... and for first-time attendees too! Add to that the opportunity for store specials, guest creators, and other surprises (your experience may vary by store!), and you're guaranteed to have a great Halloween at your local comic shop! Go to Page 33 of this issue for all the details on this year's *Halloween ComicFest* comics, revealed in this issue for the very first time! And like previous years, you can order your own packs of this year's mini-comics (25 copies per pack!) to hand out at your home, thus making your house *"the most popular house on the block!"*

And to top off our *Halloween ComicFest* festivities, we've asked *Afterlife with Archie* artist Francesco Francavilla to produce this year's commemorative t-shirt, and for classic monster fans like me, it's gonna make you flip out! See page 43 for Francesco's concept art featuring a Halloween hot rod filled with classic monsters!

On the non-Halloween/Horror front, we have an exclusive interview with IDW Publishing Chief Creative Officer Chris Ryall and Editor and Writer Bobby Curnow about their new series, *Star Wars Adventures*! Aimed at an all-ages audience, *Star Wars Adventures* will feature stories that can be enjoyed by any *Star Wars* fan, from younglings to Jedi Masters, and is the perfect introductory title for kids a little too young for Marvel's *Star Wars* comics. You'll find the interview, along with exclusive art from IDW's Comic Con ashcan edition, on this issue's FlipSide!

Finally, I just wanted to say that my former Comics & Comix and Diamond co-worker, and all-around great guy, Chris Cade, will be making his triumphant return to Comic Con this year! As I mentioned previously, Chris suffered a debilitating stroke a couple of years ago, and he's had a tough road back. But this year, his doctors have given him the "go" and he's ready to party again! Well... he's gonna party on wheels this year, but party none-the-less! It's going to be great to have my buddy Chris back at the Con, he has been sorely missed, and he's been looking forward to this *FOREVER*. And I'm going to do my best to see that he has a great time this year. He deserves it...

Thanks for reading this... and ***PREVIEWS***. It means a lot to me.

Your Pal @ ***PREVIEWS***,

Marty

With great power SUPER HEROES RE-IMAGINED BY PLAY ARTS KAI CRAFTSMANSHIP.

With great power comes great irresponsibility. Deadpool, based on Marvel Comics' most unconventional anti-hero, descends upon us as a PLAY ARTS KAI action figure!

We have included three interchangeable head pieces featuring different facial expressions and a variety of interchangeable hands so that the collector can enjoy Deadpool's comical and expressive character. With a wide range of motion, it is easy to recreate Deadpool's dynamic nature. This figure's possible poses range from mischievous gestures to powerful action stances.

This limited color version of Deadpool is a variant inspired by his X-Force costume. This striking figure in black and white with touches of red is a must have for any collector! We also added some weathering effects to the armor, evoking the sharp contrast between Deadpool's silly attitude and serious badassery.

Enjoy the true nature of Deadpool, in all his twisted and deranged glory.

Celebrating 25 Years of Spawn

Image Comics introduced Spawn/Al Simmons 25 years ago. Created by comic superstar Todd McFarlane, Spawn made his debut in the self-titled series, *Spawn #1* in May 1992.

Spawn began his career as a highly trained Force Recon Marine. After being murdered, Simmons' soul wound up in hell and, to see his wife again, he traded his soul to the evil being, Malebolgia. Unfortunately, upon his return, Simmons had been transformed into a demonic creature. Simmons gradually came to accept his new life, becoming a dark and brutal anti-hero. He took on the name Spawn and became the "King of Rat City," taking down criminals and gangs.

ADAM GREEN

EDGE ESSENTIALS

Pick up these books to learn more about Adam Green's Indie Edge style!

- **Hatchet #0** (JAN171237)
- **Hatchet #1** (See Page 274!)

Please tell us a bit about yourself!

Do you really need an exclamation My name's Adam Green and I'm a filmmaker. I've written, directed, and produced genre films like the *Hatchet* franchise, *Frozen* (the ski-lift terror film, not that *other* one!), and *Digging Up the Marrow*. I also created a television series called *Holliston* that I write, direct, show-run, and star in. *Holliston* is gearing up to start its third season soon.

What are your favorite projects you've contributed to over the past decade?

Holliston is my most passion of passion projects. The sit-com took 13 years of "almosts" before it finally got made... but for all of the hurdles I have faced and overcome with the show, nothing has ever been quite as fun or as creatively rewarding. Over the past few years I've expanded into the world of comics which has been an incredible experience getting to go from just being a huge fan of the medium to overseeing my own work like *Holliston* and *Hatchet* come to life on the page. Getting to be so involved with comic books has been an incredible experience, as you're not limited in scope by a production's budget, so you can *really* go as big and as far as you creatively want to with the stories and characters.

What are you currently working on?

I'm putting the finishing touches on my next film (which we're still not spilling any details on at this point, as we don't want anything about it spoiled for the fans before we first screen it publicly) which will be out at the end of the year, writing/rehearsing Season 3 of *Holliston*, writing a new television pilot for Universal, starting to shoot a new reality show I'm starring in, and overseeing the next issues of the *Hatchet* and *Holliston* comics. I'm also currently co-writing a novel and writing my first original comic that will be announced later this summer. What I'm certainly not doing is getting any sleep while juggling all of these projects and then some, but it's a wonderful problem that I'm very fortunate to have!

What fun titles are you reading?

At the moment I am enjoying the hell out of *The Creeps* (Warrant Publishing)! It's incredible just how pitch-perfectly the writers and artists have brought the old horror magazines like *Creepy* and *Eerie* back to life again. I'm also enjoying *Crypt of Screams* (American Mythology) as well as *The Rot* and *Rottentail* (Source Point Press). Comics are a terrific medium for the horror genre since literally anything goes.

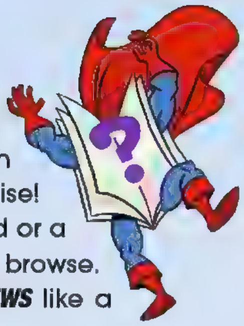
WHAT'S@ COMIC SHOPS

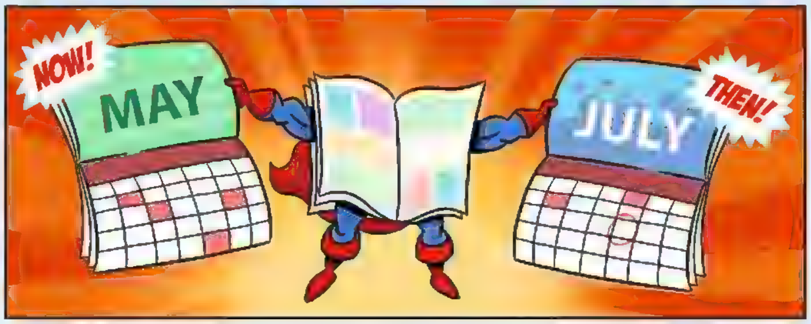
USER'S GUIDE



There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

JULY 2017 | Edited By: **Allyn Gibson** | editor@*PREVIEWS*world.com

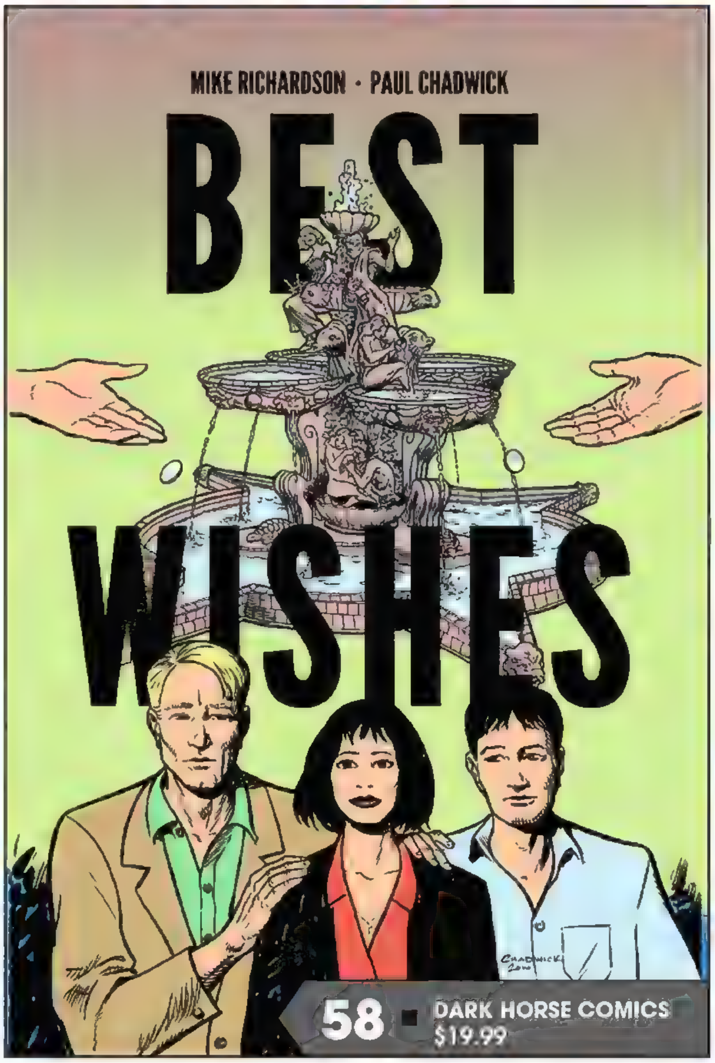
A NEW ERA DAWNS IN MARVEL COMICS' *MARVEL LEGACY*

A new chapter in the storied history of the Marvel Universe begins this September, an era of action and adventure, excitement and joy, hope and wonder, in *Marvel Legacy* #1, a double-sized one-shot from Jason Aaron and Esad Ribic that marks the start of Marvel Comics' *Marvel Legacy* initiative!

Marvel Legacy #1 draws on the rich history of Marvel Comics, telling a story that stretches from the dawn of human civilization into the present day of the Marvel Universe and lays the groundwork for the future of the Marvel Universe. The heroism of the Marvel Universe begins with a tale of what Jason Aaron terms "the Prehistoric Avengers," and the tales and deeds inspired by their heroic legend resounds throughout history into the present and the future. Posing mysteries and revealing secrets, *Marvel Legacy* #1 will see the return of both long-awaited and unexpected characters, capped by an ending that is guaranteed to surprise Marvel fans.

Continuing Jason Aaron and Esad Ribic's artistic collaboration from *Thor: God of Thunder* and wrapped in a 4-part double gatefold cover by Joe Quesada, *Marvel Legacy* #1 is the book that comic book fans have been waiting for. Whether you're a long-time Marvel fan going back decades or a new reader looking for the perfect jumping-on point, *Marvel Legacy* #1 opens the door to the Marvel Universe and welcomes readers new and old into the next chapter of Marvel Comics' history.

Marvel Legacy will feature the characters that have been beloved for decades, in the boldest stories from the best writers and artists working in comics today. Marvel titles will resume their legacy numbering, embracing the past, and it all begins with the double-sized *Marvel Legacy* #1 one-shot this September, a book that no comic book fan will want to miss!



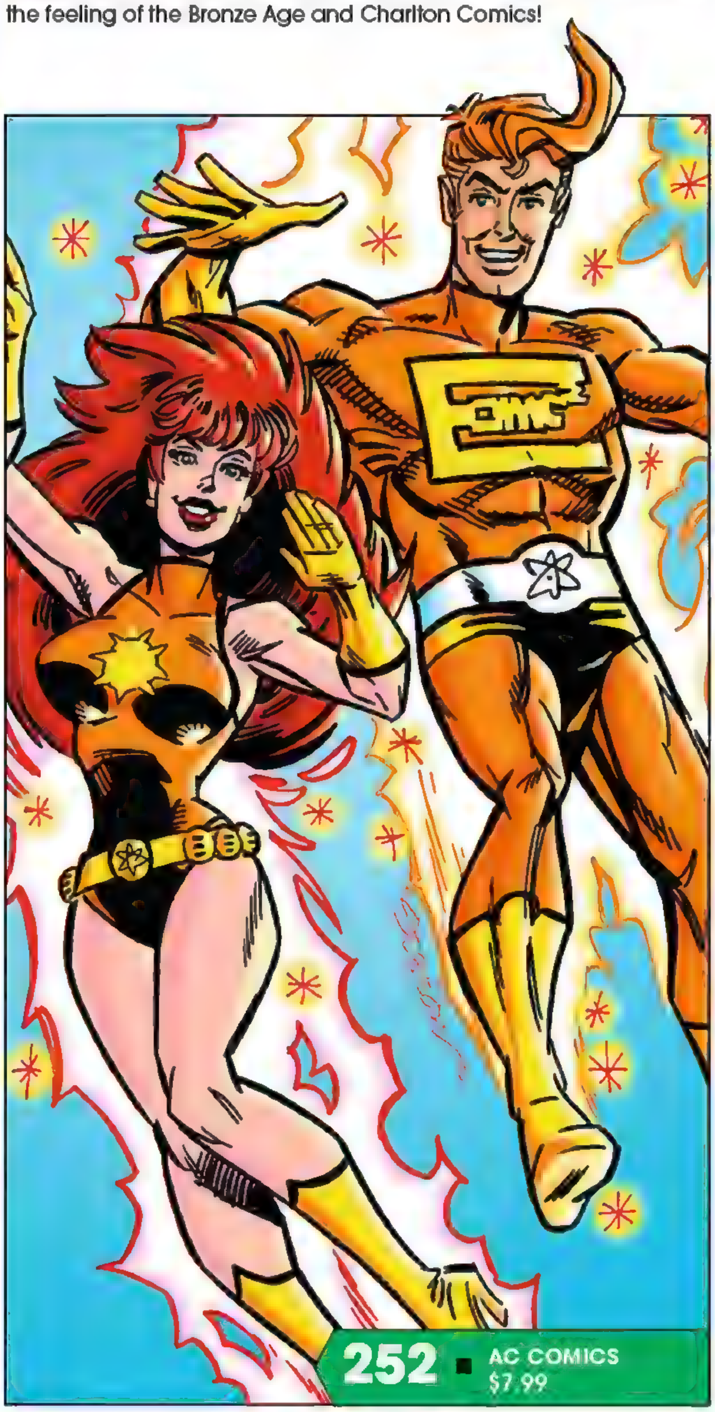
A FOUNTAIN HOLDS THE KEY TO TWO LIVES IN DARK HORSE'S *BEST WISHES*

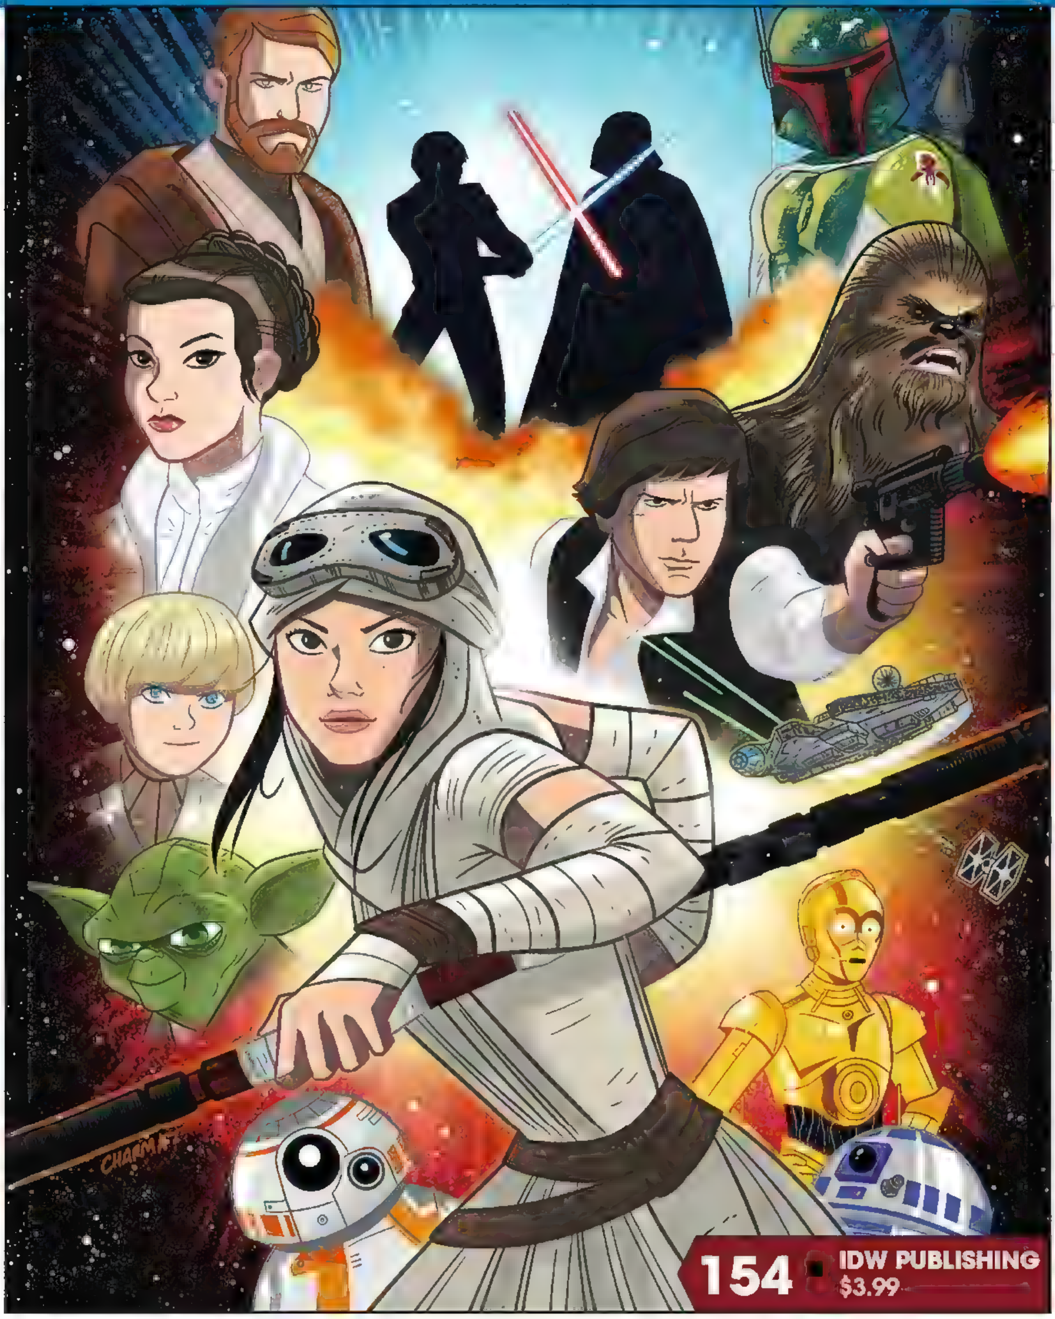
Every day, all over the world, people toss coins into fountains and make wishes. Some wish for health. Or wealth. Others for love. Or for the supernatural to smite an ex-boyfriend. Whether for luck or for fun, these coins carry the hopes and dreams, secrets and sorrows of millions of people every day, invested with what little magic or luck as may be.

Mike Richardson, the founder of Dark Horse Comics, and Paul Chadwick, the writer and artist of *Concrete*, explore the power carried by two such coins, the lives of the two people who cast them, and the Central Park Fountain that is the repository for those hopes and dreams in their new graphic novel from Dark Horse, *Best Wishes*. A tale of parallel lives, their intersections, and the fabric that they weave as life is lived, *Best Wishes* is a unique and moving work from two talented creators!

AC COMICS BRINGS BACK CLASSIC CHARLTON HEROES IN THE CHARLTON ARROW

Charlton's Bronze Age hero E-Man, the sentient energy of a nova, returns to comics this autumn in AC Comics' new anthology, *The Charlton Arrow!* Featuring a new E-Man story by creators Nick Cuti and Joe Staton, as well as stories from Paul Kupperberg, Mike Collins, Rogert McKenzie, and Steve Butler, *The Charlton Arrow* recaptures the feeling of the Bronze Age and Charlton Comics!

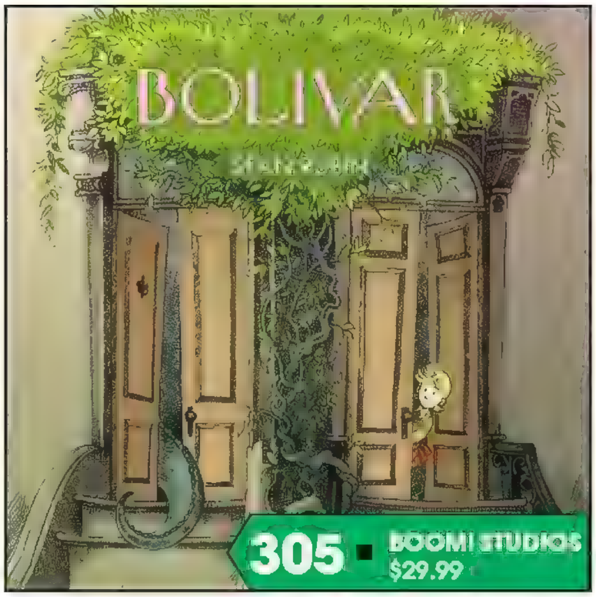




ALL-AGES FUN IN A GALAXY FAR, FAR AWAY IN IDW'S *STAR WARS ADVENTURES*

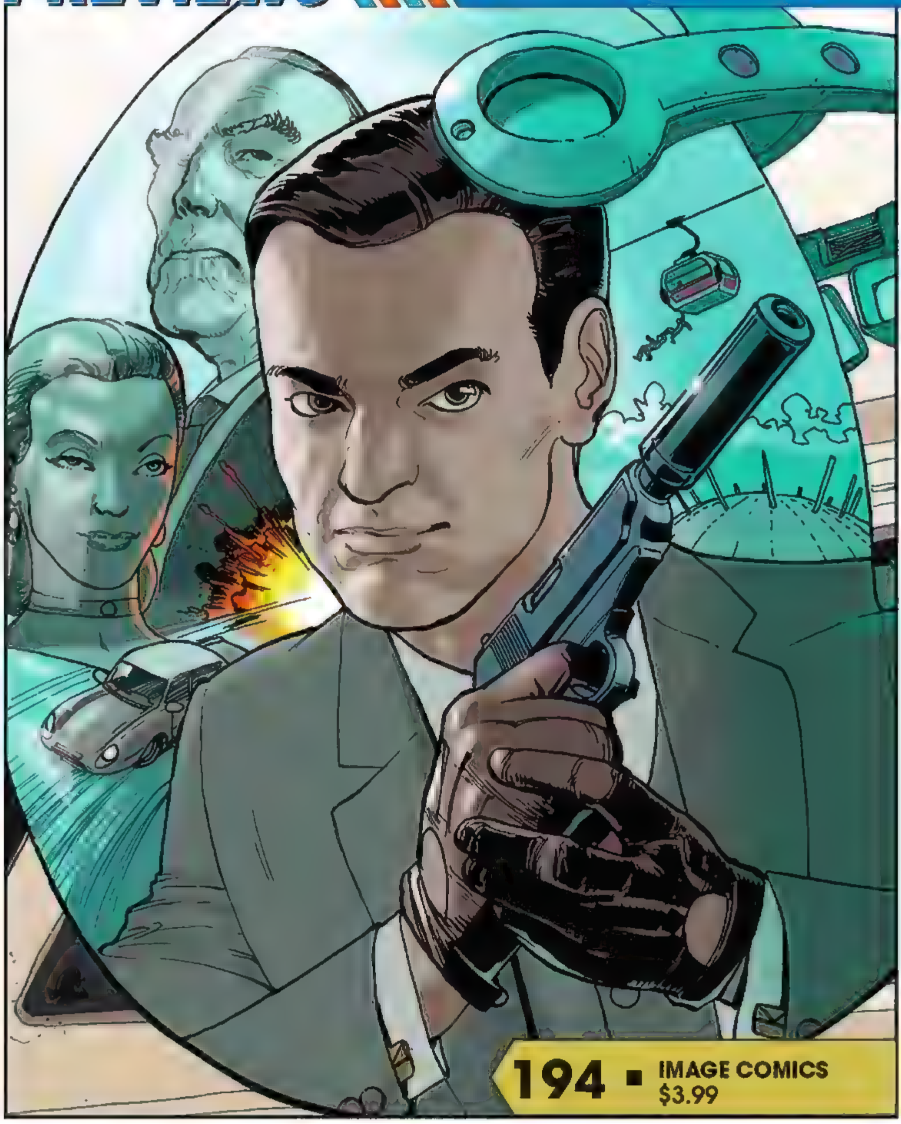
Forty years after the original *Star Wars* film was released, we've entered a *Star Wars* renaissance – the animated series *Clone Wars* and *Rebels* have kept the flame alive, *The Force Awakens* relaunched the film franchise in 2015, *Rogue One: A Star Wars Story* told a untold chapter of the saga last year, and fans eagerly await this year's *The Last Jedi*. Fans and parents looking for all-ages *Star Wars* storytelling need look no further than IDW Publishing's *Star Wars Adventures*, a new ongoing series that gives readers two action-packed stories each month, stories that will fire the imagination.

Written by Cavan Scott with art by Derek Charm, *Star Wars Adventures* is the perfect way to get young *Star Wars* fans reading. Debuting this September, *Star Wars Adventures* will captivate them with new adventures of their favorite characters in a galaxy far, far away!



A LITTLE GIRL DISCOVERS HER NEIGHBOR'S MAGICAL SECRET IN BOLIVAR

Sybil lives in a brownstone in New York City with her parents. One day, she discovers that her neighbor is a very special sort of neighbor, a dinosaur sort of neighbor, and no one else notices because, in New York City, everyone is busy with hustle and bustle. Sean Rubin's original graphic novel *Bolivar* for BOOM! Studios tells the enchanting tale of Sybil, her dinosaur friend and neighbor Bolivar, and the wonders of the multicultural melting pot that is New York!



ENGLAND EXPECTS EVERY KINGSMAN TO DO HIS DUTY

When Prince Philip, the Duke of Edinburgh and Prince Consort to the Queen, is kidnapped, England turns to its greatest spy, the street wise, working class teenager, Eggsy, to bring the Prince back alive and foil an international conspiracy in Rob Williams and Simon Fraser's *Kingsman: The Red Diamond* from Image Comics, the long-awaited sequel to Mark Millar and Dave Gibbons' *Kingsman: The Secret Service!*

Debuting in September alongside the theatrical release of Matthew Vaughn's *Kingsman: The Golden Circle*, the sequel to the smash-hit film starring Taron Egerton and Colin Firth, *Kingsman: The Red Diamond* reunites the team of Williams and Fraser from Titan Comics' *Doctor Who: The Eleventh Doctor* for an super-spy adventure filled with over-the-top action, megalomaniacal villains, insane escapes, and femme fatales in exotic locales.

Plus, Image Comics is rereleasing the original *The Secret Service: The Kingsman* graphic novel with a new cover from Dave Gibbons as well as a FOX Movie Cover!

CONTINUING THE ORIGINAL CULT HAMMER MOVIE!

FEATURED ITEM

HAMMER™ COMICS

With the success of *The Mummy: Palimpsest*, Titan Comics and Hammer Films are resurrecting another classic from the archives ... the one and only *Captain Kronos: Vampire Hunter*! Originally created by Brian Clemens (*The Avengers, The Professionals*), this new series of adventures from writer **Dan Abnett** (*Aquaman, Guardians of the Galaxy*) and artist **Tom Mandrake** (*Sidekick, The Spectre*) brings our hero back to face a fresh onslaught of fanged foes. We sat down with Dan Abnett to talk about the original film, how this new take will be different, and what people can expect.

DAN ABNETT - WRITER, *CAPTAIN KRONOS*

Were you familiar with the original Captain Kronos, and other Hammer Films, before you took on the project?
I was, and it's an old favourite of mine - one of my fave Hammer movies. So I jumped at the chance.

Did you look at Brian Clemens' original plans for the character or just start fresh? It was always meant to be part of a larger narrative.
I'm a huge fan of Clemens' work, always have been. I think watching the movie, it's fascinating to think how it's supposed to be the start of a sequence - though self-contained, it really does feel like a 'pilot' adventure too. We've taken the story and characters in our own direction, but I'd like to think we're at least respecting the original idea that the movie was the start of a saga.

With The Mummy, Peter Milligan and Hammer Films brought the saga into the present day. Is that your plan with Kronos or will it remain a period piece?
We're keeping the series very much in the time the movie was set... but that begs the question, what period? It's 'old fashioned', but also interestingly vague about exactly when and where. There are anachronisms and a lack of specificity. So I've set it in a time and place that is strongly informed by close parallels in world history, but it's also sort of its own thing - a world, a time, a place... that is specific to Kronos. A fantasy world, if you like, but one that's strongly underscored by historical settings.

How do you feel about working with the legendary Tom Mandrake on the project? What does he bring to your collaboration?
Delighted. I've been a fan of Tom's work for the longest time. He brings atmosphere, mood and a really strong graphic power to the art.

Vampire hunters have been invented and reinvented over the years. What makes Captain Kronos so special?
I can't pretend he's the 'original' vampire hunter, but he's one of the benchmarks. He's an appealing character... and his supporting characters are appealing too. Grost is a brilliant foil, and Carla has a potential we're pursuing in the comic. There are lots of curious questions about Kronos that the movie sets up and doesn't answer. I think Kronos endures because he has that off-beat, slightly eclectic appeal. He's more than a stereotype. And that's all thanks to the enthralling and unusual strengths of the cult movie.

Regardless of the setting, how do you approach Kronos in modern terms? How different is your approach to something like this today?
We're trying to raise the 'realism' of the setting and action - though it's a fantasy world, we want to make it more 'authentic' as a historical period. And we're also making the story very character-driven with strong interaction between the main trio. I want to keep the delightful spirit of the movie, but build on that - hopefully creating the sort of Kronos story that Clemens and his team would have made if they'd been working on it now.

The Dark Multiverse Invades The DC Universe!

The Blockbuster Event by Writer Scott Snyder and Artist Greg Capullo Continues!

DC CELEBRATES DARK NIGHTS: METAL WITH SPECIAL COVER ENHANCEMENTS AND TIE-IN ISSUES

The first truly universe-spanning event of the Rebirth era is on the way! The road to DARK NIGHTS: METAL began in June with the hit special DARK DAYS: THE FORGE #1, which is followed in July by DARK DAYS: THE CASTING #1. The threat of the Dark Multiverse grows as DARK NIGHTS: METAL #1 reaches stores in August. This month, ripples from DARK NIGHTS: METAL will expand across the DC line, including several BATMAN one-shots and the "Gotham Resistance" storyline that will run in issues of SUICIDE SQUAD, NIGHTWING, TEEN TITANS and GREEN ARROW!

To help celebrate this event, DARK NIGHTS: METAL and the BATMAN one-shots will feature enhanced covers. Because these require more production time, some of these issues will be **early solicited.** Here's your guide to when these issues will be solicited, their on-sale dates and what cover enhancements they feature.

THE WILD STORM VOL. 1 TP

Written by WARREN ELLIS • Art by JON DAVIS-HUNT
Cover by JIM LEE and SCOTT WILLIAMS

New York Times best-selling writer Warren Ellis (TRANSMETROPOLITAN, RED, THE AUTHORITY) returns to reset the WildStorm universe with new iterations of Grifter, Voodoo, the Engineer, Jenny Sparks and more in this volume collecting issues #1-6 of the hit series.

Everyone is looking up.

A man has been thrown from the upper floor of a skyscraper.

Angela Spica, sick from the transhuman implants she's buried in her own body—is the only person who can save him.

What she doesn't know is that the act of saving that one man will tip over a vast and secret house of cards that encloses the entire world, if not the inner solar system.

This is how the Wild Storm begins, and it may destroy covert power structures, secret space programs and even all of human history.

THE MAN FROM THE GREAT NORTH

writer/artist/cover **Hugo Pratt**

A provocative story whose protagonist is a seemingly wanton murderer driven by a religious obsession with the absolute.

Set in the snowy wastelands of Canada around 1920, the story follows "Jesuit Joe," who wears the red jacket of the Canadian Mounted Police that he found in a hut, giving rise to a series of misunderstandings when he is mistaken for a member of the constabulary. The story reveals Joe's disturbing and conflicted personality—he kills with terrible ease and shows an unmatched cruelty and ferocity, yet his mood suddenly shifts and he performs unexpected acts of kindness and compassion. All the while, he is tracked by his nemesis, Sergeant Fox, who has vowed to bring him to justice. This is the first English language edition of Pratt's 1980 classic and includes additional scenes drawn as storyboards for a live-action adaptation, as well as an unfinished second story that picks up where the first tale ended!

Legendary creator **MATT WAGNER** continues the hotly anticipated third and final volume of his epic fantasy trilogy with **MAGE: THE HERO DENIED**. Years after readers last saw him, everyman hero Kevin Matchstick has all but abandoned his role as the reincarnated Pendragon, wielder of the mystical weapon Excalibur. But when dark forces reunite to threaten those he loves, he finds he must once again unleash the ancient power that he alone can command. Yet drawing Excalibur brings additional risks by further exposing him to his gathering enemies. Can Kevin stave off the supernatural dangers that pursue him...or will it cost him everything he holds dear?

MAGE: THE HERO DENIED is a 15-issue limited series climaxing in a double-sized finale. The new series skips a scheduled release next month in order to make way for the second of two volumes that newly repackage the classic first book of the **MAGE** trilogy, **THE HERO DISCOVERED**. **THE HERO DENIED** will continue with issue three in November.

Considered by many to be creator **MATT WAGNER**'s masterpiece, **MAGE** has been a perennial favorite with old and new readers alike for nearly three decades.

POPTROPICA VOLUME 4: THE END OF TIME GN

(W) Mitch Krpata, Jeff Kinney
(A/CA) Kory Merritt

The exciting fourth and final installment of the *New York Times*-bestselling graphic-novel series from the online world of *Poptropica*. Oliver, Mya, and Jorge find themselves at an impasse: The Protectors' headquarters lie in ruins; the nefarious Octavian is nowhere to be found; and they have no idea how their tampering with the timeline of Poptropica might affect history. The trio suddenly finds itself in the heart of Poptropica, where the Protectors discover the nexus of all time and are offered the opportunity to see what their lives would be like if they could change just one thing from their pasts. But will they choose to go down these alternate paths? Filled with heart and humor, this is the breathtaking finale Poptropica fans have been waiting for. (STL054492) (C: 0-1-0)

SUEE AND THE SHADOW

(W) Ginger Ly (A/CA) Molly Park

Meet Suee: Twelve years old, wears her hair to the left in a point, favors a black dress, has no friends—and she likes it that way! When Suee transfers to the dull and ordinary Outskirts Elementary, she doesn't expect to hear a strange voice speaking to her from the darkness of the school's exhibit room, and she certainly doesn't expect to see her shadow come to life. Then things start to get really weird: One by one, her classmates at school turn into zombie-like, hollow-eyed Zeroes. While Suee investigates why this is happening, her shadow gains power. Soon, Suee must confront a stunning secret that her shadow has been hiding under her own two feet—something very dark and sinister that could put Suee and her newfound friends at risk! BABY BLUES: BINGE PARENTING TP

(W) Rick Kirkman
(A/CA) Jerry Scott

Daryl and Wanda are deep in the trenches of childrearing and earning their stripes as parents to Zoe, Hammie, and Wren. *Baby Blues* expertly illustrates why Band-Aids remain in short supply, tattling and teasing lead to time-outs, and an unplanned visit to the dentist or auto mechanic occurs just when the bills seem to be caught up. (STL054984) (C: 0-1-0)

PEARLS BEFORE SWINE: I SCREAM, YOU SCREAM, WE ALL SCREAM BECAUSE PUNS SUCK TP

(W/A/CA) Stephan Pastis

Puns. We know it's coming. The telltale signs are all there: the oddly specific setup, the unusual word choice, and, just visible out of the corner of our eye, the final panel of Stephan sitting at his desk awaiting the chastisement of one of his characters. Somehow the pun still manages to elicit a groan larger than we expected. Fortunately for us — and for Stephan's job security — there are more than just puns in *I Scream, You Scream, We All Scream Because Puns Suck*. The entire *Pearls Before Swine* crew returns in some of the strip's most raucous cartoons yet. (STL055024) (C: 0-1-0)

LUCKY LUKE VOLUME 66: THE PROMISED LAND

Recommended by Steve Leaf

When you think European comics, you might tend to think books by Moebius, Bilal, and for younger readers, Asterix, but there is so much more. Cinebook has been around for decades promoting series from *Valerian* to *Blake and Mortimer* and the classic series mixing humor and the old west — *Lucky Luke*.

I came across *Lucky Luke* in a "real" bookstore looking for anything comics and there, on the shelves with *Asterix* and *Iznogoud*, was *Lucky Luke* from Dargaud. I had to try them and continued to buy them whenever new volumes became available.

Lucky Luke was a man with a sense of justice and a bigger hand that would put Terence Hill's Trinity to shame. Luke always seems to do the right thing even giving up his trademark cigarette to be a better influence on his young readers.

Now this particular volume caught my eye as Luke is asked by a friend to escort his family from Poland to their new home in the west. It's difficult enough but to be Ashkenazi Jews traveling with their Torah — Oy Vey! The story reads like a companion story to *The Frisco Kid*, another story of a naive young Rebbe trying to find his way to his new congregation dealing with new cultures and trying to remain faithful to his own. If you take the humor of the movie featuring Gene Wilder and Harrison Ford and decide to make a graphic novel, then *Lucky Luke and The Promised Land* is its landsman.

Cinebook does some great graphic novels and hopefully with the *Valerian* movie their line of books will get the notice they deserve. With 66 volumes over the last fifty years, I hope that *Lucky Luke* also gets the spotlight it deserves.

SHERMAN'S LAGOON: ONWARD AND DOWNWARD TP

Sherman and the crew are back, living life in their beloved lagoon as they deal with problems that sound all too familiar to us land-dwellers. But they're not the only ones to call this corner of the tropics their home. There's Arturo, the ninja lantern-shark who briefly becomes Sherman's guru and mentor. Boris the fish-eating spider, who's really not so bad once you get to know him. A gang of obnoxiously sassy water bears. And one undersea spaghetti monster with a wit that cuts deeper than the Mariana Trench. (STL055000) (C: 0-1-0)

GRAVETRANCERS #1

written by M.L. MILLER
illustrated by JAMES MICHAEL WHYNOT
cover by JAMES MICHAEL WHYNOT

$3.99 | 32 pages | full color
Mature

On a journey to track down the grave of their estranged father, Maribel and Anthony find their way to the Malort Cemetery: a strange, seemingly abandoned field of mostly unmarked tombs.
There they encounter an eccentric clan of grave-robbers who've devised a highly-addictive drug made from human remains--and the fresher the corpse, the stronger the dose.

What began as an attempt to reconnect with the past becomes a wild descent into a world of psychedelic, neon-colored nightmares... will Maribel and Anthony find their way through the hallucinogens or will they become the next hit?

Written by M.L. Miller *(Pirouette)* and featuring mind-shredding artwork by new artist James Michael Whynot, Gravetrancers delivers a grisly grindhouse tale of taboo and terror.

GREG PAK TALKS *JOHN WICK*

Tell us about your process for adapting the character/film franchise,

One of the glorious things about the project is that there are just two John Wick movies out in the world, and they're full of evocative hints but not so many concrete answers about our character's origins. So there's a tremendous opportunity to do some fun reading between the lines and interpreting and dreaming to come up with new stories. I had the chance to exchange emails with Derek Kolstad, the writer who created John Wick, and he was incredibly supportive and open to what we're doing. It feels like a tremendous gift and we're having a total blast.

and what do you feel you uniquely bring to the new series?

The John Wick movies have a great mix of humor, intense action, and sublimated emotion, which feels right up my alley. My favorite kind of stories to write explore real emotional journeys by taking established genres down unexpected paths. I've also got a love of worldbuilding and exploring with the rules of a given fictional world, and a John Wick story provides great opportunities to dive into all that good stuff.

What similarities/differences do you see between your creation vs the films?

I'm starting at an earlier point in the story, so John's a little younger and little more raw. He's also discovering this world of assassins and figuring out its rules as the story progresses -- and figuring out how and if he's going to participate in all of this. So he's at a different point in his life, with different but hugely high stakes moral choices ahead of him.

"The book is a love letter to those who grew up with Street Fighter and also to everyone carrying it into the future!"
- TIM LAPETINO

"Street Fighter is a running, 30-year conversation between the series' creators, players and fans. Its genius--the magic of shoulder-to-shoulder arcade play, and the playful, vivid style of its characters--stems from that back-and-forth. It's been so much fun to hear all sides of that conversation from Tokyo and Osaka to San Francisco and Chicago, and I'm excited to tell the story through this book"

But when he's murdered – at a film festival! – with a piece of Noah's Ark! – THE LIBRARIANS are drawn into the mystery. Can their combination of special skills, obsessive curiosity and knowledge of forgotten lore figure out who – or what – spelled doom for Schick? GRAVELAND #1

Recommended by Trevor Richardson

Scout Comics has really upped their game in the last year. Adding to their roster of strong, original material from exciting new comic creators, Graveland is a genre-bending romp with something for everyone. Pulling in elements of blockbuster action, classic kaiju sci-fi, apocalyptic horror, and superhero adventure, this series promises to just keeping getting crazier as the tale goes on.

When The San Andreas Fault finally cracks and California falls into the sea, it isn't "The Big One" that everyone was expecting. It wasn't tectonic shifts or seismic activity or volcanoes. An ancient race of sleeping giants, like some great elder god right out of a Lovecraft tale, has awoken. Rising up from beneath the crust of the Earth, these Giants resume their conquest of the surface world that began thousands of years ago. The military is helpless, even our most powerful weapons have no effect, so the government resorts to desperate measures. In a battle of gods and monsters, the only way to win is to create gods and monsters of your own. Using an experimental serum, the US government creates superhuman soldiers to battle the giants and save civilization as we know it.

The story is action-packed, gritty, and oddly funny, and the art matches the tone of the story perfectly. Gabriel Ibarra Nunez' art manages to feel appropriately dark and ominous even as it is using bright, primary hues. Which sums up this book perfectly.

Graveland is bright and flashy even as it grimly faces the end of the human race.

ALL'S FAIRE IN MIDDLE SCHOOL

(W/A/CA) Victoria Jamieson

From the author of the *Newbery Honor* winner *Roller Girl*, a heartwarming graphic novel about starting middle school, surviving your embarrassing family, and life at the Renaissance Faire that's perfect for fans of Raina Telgemeier. Eleven-year-old Imogene (Impy) has grown up with two parents working at the Renaissance Faire, and she's eager to begin her own training as a squire. First, though, she'll need to prove her bravery. Luckily Impy has just the quest in mind — she'll go to public school after a life of being homeschooled! But it's not easy to act like a noble knight-in-training in middle school. Impy falls in with a group of girls who seem really nice... until they don't. For the first time, she's embarrassed of her thrift shop apparel, her family's unusual lifestyle, and their small, messy apartment. And when her new friends encourage her to do something mean, Impy goes along with it. Before long, Impy doesn't even recognize herself. Is she the dragon in her own story or the heroic knight? TEKKEN VOLUME 1 TP

Recommended by Jonathan McKinney

The *Tekken* franchise is making a big comeback this year. After several years since the last game, *Tekken 7* is now available to gamers in all its glory. For fans of the series and those wanting to see what the hype is all about, look no further than Titan Comics' *Tekken Volume 1* trade paperback, collecting the four issues from the hit comic series.

The Mishima family is clouded with betrayal and violence, and when they are at their lowest, an ancient evil rises to eliminate them. With fighters gathering to answer the call, what better way to settle a feud than with a martial arts tournament?

The Titan Comics series delves deep into the story that runs through *Tekken 7* and is an excellent companion to the videogame. The characters were always a big draw for me, and this new series does a stellar job of explaining the backstory for everyone's favorite fighters. There's even a panda!

Cavan Scott (*Doctor Who, Vikings*) and Andie Tong (*Tron: Betrayal, Zodiac Legacy*) are an excellent creative tag team for this book, providing enough material for the deeply invested and newly initiated fan to be satisfied. If you're looking for a fast-paced action brawler, give *Tekken* a shot.

ANNA & FROGA: COMPLETELY BUBU GN
(W/A/CA) Anouk Ricard
Anouk Ricard's bold and colorful comics of this quirky, grumpy gang of pals are delightfully weird yet thoroughly realistic in their honest and hilarious portrayal of friendship. Anna, Froga, Christopher the worm, Ron the cat, and Bubu the dog continue their non-adventures with bickering, needling, cajoling, and honest friendship. Collecting all five issues of the acclaimed Anna & Froga series into an accessible paperback, this volume presents Ricard's vibrant world of visual puns and deft animal caricatures for kids and parents alike to enjoy. GOLIATH GN
(W/A/CA) Tom Gauld
Now in paperback with a new cover, Goliath is a retelling of the classic myth, this time from Goliath's point of view. Since its original 2011 release, Tom Gauld has solidified himself as one of the most critically-acclaimed cartoonists working today, from his strips in the Guardian and New Scientist, to his lauded graphic novels You're All Just Jealous of My Jetpack and Mooncop. Simultaneously tragic and bleakly funny, Goliath displays a sensitive wit and a bold line—a traditional narrative reworked, remade, and revolutionized into a classic tale of Gauld's very own. BERLIN #21
(W/A/CA) Jason Lutes
The penultimate issue of the long-running series finds Silvia Braun and David Schwartz joining forces to sabotage a neighborhood National Socialist outpost, while Marthe Müller says her final farewells to the city where she has come of age. And as darkness manifests in the alleyways of the underclass and estates of the elite, Kurt Severing glimpses the worst of all possible futures. (STL056012)

THE GOOD TIMES ARE KILLING ME HC
(W/A/CA) Lynda Barry
Young Edna Arkins lives in a neighborhood that is rapidly changing, thanks to white flight from urban Seattle in the late 1960s. As the world changes around her, Edna is exposed to the callous racism of adults; sometimes subtle and other times blatant, but always stinging. Originally published in 1988, The Good Times Are Killing Me is now back in print in hardcover with a new cover and the color illustrations from the first edition. (STL055903)

THE POPPIES OF IRAQ HC

(W/A) Brigitte Findakly, Lewis Trondheim
(CA) Lewis Trondheim, Brigitte Findakly

Poppies of Iraq is Brigitte Findakly's nuanced chronicle of her relationship with her homeland Iraq, co-written and drawn by her husband, the acclaimed cartoonist Lewis Trondheim. In spare and elegant detail, they share memories of her middle class childhood touching on cultural practices, the education system, Saddam Hussein's state control, and her family's history as Orthodox Christians in the arab world. Poppies of Iraq is intimate and wide-ranging; the story of how one can become separated from one's homeland and still feel intimately connected yet ultimately estranged. (STL055901)

LESLIE STEIN

PRESENT HC

(W/A/CA) Leslie Stein

Leslie Stein takes us on a sinuous urban stroll divorced from destination, glimpsing New York City through her open eyes. While she is closing up a bar late at night, she is also an adolescent at a rave in the mountains, an adult grappling with her grandfather's fading memory or at one of her first waitressing jobs. Here, an autobiography is built through memories and moments tied together by loose lines, evoking a beautiful dreamlike yet endlessly relatable glimpse into the world of a thirty-something woman carving out a life for herself, one step at a time. THE FREDDIE STORIES HC

(W/A/CA) Lynda Barry

THE FREDDIE
STORIES
LYNDA BARRY

The Freddie Stories traces a year in the life of Freddie, the youngest member of a troubled, often dysfunctional family. Collected from Lynda Barry's beloved *Ernie Pook's Comeek*, these four-panel entries, each representing an episode in the life of Freddie, bring to life adolescence, pimples and all. No matter what happens, it all seems to go wrong for Freddie. With consummate skill, Barry writes about the cruelty of children at this most vulnerable age when the friends they make and the paths they choose can forever change their lives. (STK518744)

THE GREATEST OF MARLYS! HC

(W/A/CA) Lynda Barry

Eight-year-old Marlys Mullen is Lynda Barry's most famous character from her long-running and landmark comic strip *Ernie Pook's Comeek*, and for good reason! Given her very own collection of strips, Marlys shines in all her freckled and pig-tailed groovy glory. The trailer park where she and her family live is the grand stage for her dramas big and small. Joining Marlys are her teenaged sister Maybonne, her younger brother Freddie, their mother, and an offbeat array of family members, neighbors, and classmates. (STL012230) (C: 0-0-1)

ANNA & FROGA: WANT A GUMBALL? HC

(W/A/CA) Anouk Ricard

Anouk Ricard's *Anna & Froga* features the adventures of a little girl named Anna and her gang of animal friends. Anna's best friend is the titular Froga, and they often hang out with Bubu the dog (an aspiring artist), Christopher the gourmand earthworm, and Ron (a practical joker of a cat). With a sly humor, Ricard spins yarns that will delight and entertain the whole family. Ricard works in a fanciful and childlike style, with vibrant colors and simple storylines. The illustrations in Anna and Froga are inviting and the stories well told, employing short, snappy dialogue. Without sacrificing quality, intelligence, or humor, Angouleme Festival-nominated author Ricard is able to write from childhood effectively and charmingly. (STK465487)

MOONCOP HC

(W/A/CA) Tom Gauld

The lunar colony is slowly winding down, like a small town circumvented by a new super highway. As our hero, the Mooncop, makes his daily rounds, his beat grows ever smaller, the population dwindles. Depicted in the distinctive, matter-of-fact style of Tom Gauld's beloved *Guardian* strips, *Mooncop* is equal parts funny and melancholy. Gauld captures essential truths about humanity, making this a story of the past, present, and future, all in one. (STL015978) (C: 0-0-1)

Created by Hergé when he was drawing the first few *Tintin* adventures, *Peppy in the Wild West* is a freewheeling all-ages adventure featuring some of the loopiest takes on tried and true tropes of the Old West that you've ever seen. After his hat business fails, the adventurous bear Peppy heads west to start a new life. What follows is a rollicking cascade of one darned thing after another! First serialized in black and white in 1934, this is the first publication of *Peppy in the Wild West* and the only English translation since 1969.

by Roger Langridge

$19.99 / SC / 96 pgs / BW / 6.75 x 10

This nearly wordless romp from master cartoonist Roger Langridge is the author's paean to the silent, heartbreaking slapstick comedies or the teens and '20s, spun for a contemporary audience. Though Langridge has garnered considerable acclaim the past few years for his brilliant takes on *The Muppet Show*, *Popeye*, *Betty Boop*, and *Marvel Monsters*, he is at heart a cartooning auteur, earning multiple Eisner, Harvey, Reuben, and Ignatz Awards nominations.

BEIRUT WON'T CRY

by Mazen Kerbaj
$30.00 / SC / 264 pgs / FC / 5 x 8

Throughout the summer of 2006, during the Israeli attack on Lebanon, Mazen Kerbaj published drawings, comics, and writing giving a first-hand account of someone creating during a time of intense everyday brutality. Drawn and written in English, French, and Arabic, *Beirut Won't Cry* shows us how an artist views the world and everything in it — his relationships, his family, and his creative pursuits — as it violently crumbles around him. Both historically vital and hilarious, *Beirut Won't Cry* introduces Kerbaj's unique voice and urgent pen to an American audience for the very first time, teaching readers how to carry on and resist in times of war and oppression.

ESCAPE FROM SYRIA GN

(W) Samya Kullab
(A/CA) Jackie Roche

Certified Cool

From the pen of former *Lebanon Star* reporter Samya Kullab comes a breathtaking and hard-hitting story of one family's struggle to survive in the face of war, displacement, poverty, and relocation. *Escape from Syria* spans six years in the lives of Walid, his wife Dalia, and their two children, Amina and Youssef. Forced to flee from Syria, they become asylum-seekers in Lebanon, and finally resettled refugees in the West. Walid's daughter, the young Amina, witnesses firsthand the harsh realities that her family must endure if they are to survive — swindling smugglers, treacherous ocean crossings, and jihadist militias — and is forced to grow up very quickly in order to help her parents and brother. ROBERT CAPA: A GRAPHIC BIOGRAPHY HC

(W/A/CA) Florent Silloray

Robert Capa: A Graphic Biography is a brilliant portrayal of the career of the great war photographer who, at the time of his death in 1954, had only one wish: to be an unemployed war photographer. Born in 1913 in Budapest, Endre Friedmann studied journalism and political science and worked in a photo agency darkroom. In 1933, Friedmann went to Paris where he shared a darkroom with Henri Cartier-Bresson. Together they contrived the name and image "Robert Capa, famous American photographer." Capa made several trips to document the Spanish Civil War, and he went abroad with the US army to record Allied involvement in WWII, including D-Day on Omaha beach. Even now, it is his D-Day images that marked him as the world's greatest war photographer. (STL054811) (C: 1-1-0) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

EGON SCHIELE: HIS LIFE AND DEATH GN

(W/A/CA) Xavier Coste

Egon Schiele (1890-1918) was a painter known for full-frontal portraits of naked women (and on many occasions, himself). They were stark and disturbing. He painted his subjects in gaunt, twisting and unnatural poses. Their voyeuristic tone and blatant eroticism outraged society, landing him in prison for 24 days. The book focuses on the artist's creative years, the development of his talent, his relationships with other artists, including Gustav Klimt, the women in his life, and his obsession with making provocative art. *Egon Schiele* is a seductive and intimate portrait of an artistic genius who was both lauded and condemned for his brilliance. FLIGHT OF THE GRIZZLY GN

(W/A/CA) Fabian Gregoire

Jessie is familiar with small seaplanes. After all, she was born in one eleven years ago, and her father makes his living flying them over the forests and lakes of Canada's Northwest Coast. She has been aboard on many flights but this one was different. It was a routine trip until an engine caught fire and Jessie's father was forced to ditch the plane in Petrel Channel. Soon they hear the sound of another seaplane, a "Norseman", which has come to the rescue. Everyone boards the plane but it's a tight squeeze. There is an extra, very large passenger: a grizzly bear. It is tranquilized at the moment but as the plane takes off and the bear begins to stir, the zoo director accompanying the animal admits that perhaps he didn't administer enough sedative! (W/A/CA) Alex Alice

What if man journeyed into space in 1869, not 1969? In search of the mysterious element known as aether, Claire Dulac flew her hot-air balloon toward the edge of our stratosphere — and never returned. One year after her disappearance, her son and husband are delivered a tantalizing clue: a letter from an unknown sender who claims to have Claire's lost logbook. As a child, Charlie Rizzo had been told that his father lost his vision in a hunting accident. It wasn't until Charlie found himself in a jail cell for his petty crimes that he learned the truth. Matt Rizzo was blinded by a shotgun blast to the face while working for the mob. Just a teenager and newly blind, he began his bleak new life at Statesville Prison. It was there that his life and very soul were saved by one of America's most notorious killers: Nathan Leopold, of the infamous Leopold and Loeb duo. From David Carlson and Landis Blair comes a moving biography of a remarkable man whose journey from despair to enlightenment mirrored the great works of western literature that ultimately saved him. The garden behind Jack's house has gone wild with creatures set loose by the magic beans Jack and his kid sister Maddy planted. One particularly mean creature has kidnapped Maddy and carried her off. Now Jack and his neighbor Lilly must follow her to a world between worlds beyond the vines and stalks, where giants grind the bones of human children to feed their beast in the castle up above, and a fearsome goblin king rules down below. MIGHTY JACK VOLUME 1 GN

(W/A/CA) Ben Hatke

Jack might be the only kid in the world who's dreading summer. But he's got a good reason: Summer is when his single mom takes a second job and leaves him at home to watch his autistic kid sister, Maddy. It's a lot of responsibility, and it's boring, too, because Maddy doesn't talk. Ever. But then, one day, she does talk. Maddy tells Jack in no uncertain terms to trade their mom's car for a box of magic beans. It's the best mistake Jack has ever made. The little garden behind his house is about to become home to tiny onion babies running amok, dangerous biting cabbages, and, in a fiery cliff-hanger at the end of this first volume: a dragon. SUNFLOWER

THE COMPLETE GRAPHIC NOVEL

Written by Mark Mallouk
Adapted by Andi Ewington
Illustrated by Lee Carter
Colored by Lee Carter & Eugenio Perez Jr.

Ten years ago CJ's husband and nine year-old daughter were murdered off a desert highway near the California/Arizona border. Since that day, CJ can feel only two things – paralyzing shame for not being with her family and quiet fury that the perpetrators were never found. CJ should have been there to defend her family. CJ should have been there to die with her family. And, in the decade since, she might as well have been dead. Until the day a letter arrives. There's no return address, only one word in the letter.

It simply reads: Sunflower.

CJ's daughter is alive. And now so is CJ. And she will stop at nothing to get her daughter back.

Figure skating was Tillie Walden's life. She woke before dawn for morning lessons, went straight to group practice after school, and spent weekends competing in glitter and tights. It was a central piece of her identity, her safe haven from the stress of school, bullies, and family. But as Tillie's interests evolve, from her growing passion for art to a first love realized with a new girlfriend, she begins to question how the close-minded world of figure skating fits in. Poignant and captivating, this powerful graphic memoir captures what it's like to come of age, come out, and come to terms with leaving behind everything you used to know. PARK BENCH GN

(W/A/CA) Christophe Chaboute
With his masterful illustration style, bestselling French creator-storyteller Chaboute (*Alone*, *Moby-Dick*) explores community through an everyday, often ignored, object: the common park bench. From its creation, to its witness to the fresh ardor of lovers, the drudgery of businessmen, the various hopes of the many who enter its orbit, the park bench weathers all seasons. Strangers meet at it for the first time. Paramours carve their initials into it. Old friends sit and chat on it for hours. Others ignore the bench, or (attempt to) sleep on it at night, or simply anchor themselves on it and absorb the ebb and flow of the area and its people. This could be a bench in my hometown or yours — the people in this little drama are very much those we already recognize. (STL055002) (C: 0-1-0)

Like most kids, Katie was a picky eater. She'd sit at the table in silent protest and listen to parental threats of having to eat her dinner for breakfast. But normal behavior can soon turn into something sinister and deadly. This is a story of struggle, recovery, and a trip into the black heart of anorexia. It's an exposure of those who prey on the weak and an inspiration to anyone who believes in the power of human will to endure toward happiness.

"It's universal yet specific and those together make such strong medicine. Wow."—**Joss Whedon**

The covers alone are worth the price of admission — Alex Toth, Jerry Grandenetti, plus, for fans of DC's My Greatest Adventure, Ruben Moreira — comics just don't come no better than this, folks. Standard Comics did not believe in #1 issues. They were convinced that comics sold better if they appeared to have been around for a while, and therefore they started all their horror titles with #5, each lasting about ten issues of fairly well-done E.C. imitations. And now this first volume in PS's *Silver Age Classics* sets out to reprint the whole run the way it should be done. Just take a look at those covers, comic book fans! It was the 1950's — the Atomic Age, the Cold War, and just the before the Space Race. Comics books were the education, the entertainment, and, according to some, the downfall of America. BIG TROUBLE IN LITTLE CHINA: OLD MAN JACK #1

Recommended by Sarah Martinez

There's been a lot of talk about remaking John Carpenter's mythic cult classic *Big Trouble in Little China* over the past few years. But in all the discussions and rumors, it's clear that the role of old dependable Jack Burton won't be going to Kurt Russell again. I personally think that's a shame. The success of *Ash vs. The Evil Dead* shows us just how fun it is to watch our old 80s cult heroes show that age can't stop them from vanquishing the forces of darkness. But even if we may never see Kurt Russell behind the wheel of the Pork-Chop Express again, BOOM! is ready to take us on one more ride with Jack Burton. With the blessing of John Carpenter, Anthony Burch has set out to write a new entry into the story bolstered by the highly energetic art of Jorge Corona. *Old Man Jack* sees our now weathered hero facing off against the honest-to-goodness God of the East himself, Ching Dai. And when hell literally breaks loose on Earth, it's looking pretty grim.

Burch's signature style of over-the-top characters and dialogue punctuated by subtle wit pairs with Corona's expressive line work and monster design mix to make a campy creation that does its source material proud, while also feeling like a deserved update. If you're a fan of cult 80s action, this will definitely be something to check out!

Does a 60-year-old Jack Burton still have the reflexes to fight a God? For Earth's sake, I hope so!

NICK CAVE: MERCY ON ME GN
(W/A/CA) Reinhard Kleist
Musician, novelist, poet, actor: Nick Cave (b. 1957) is a Renaissance man. His wide-ranging artistic output — always uncompromising, hypnotic, and intense — is defined by an extraordinary gift for storytelling. In *Nick Cave: Mercy on Me*, Reinhard Kleist employs a cast of characters drawn from Cave's music and writing to tell the story of a formidable artist and influencer. Kleist paints an expressive and enthralling portrait of Cave's childhood in Australia; his early years fronting The Birthday Party; the sublime highs of his success with The Bad Seeds; and the crippling lows of his battle with heroin. Kleist's graphic biography, like Cave's songs, is by turns electrifying, sentimental, morbid, and comic — but always engrossing. At War with War visualizes humanity's 5,000-year-long state of conflict, chaos, and violence on a continuous timeline. Seventy pages of stark black-and-white pen-and-ink drawings and woodcuts illustrate history's most notorious battles from 3300 BCE to the present day. Interspersed are contemplations on war from historic thinkers, including excerpts from "The Art of War" by Sun Tsu, "The Complaint of Peace" by Desiderius Erasmus, and "The State" by Randolph Bourne.
Searing and sardonic, balancing anger and despair with wit and humanity, these raw illustrations convey the power of war in human life. (STL054519) (C: 0-1-0)

THE CHARLTON ARROW #1

Recommended by Steve Leaf

E-MAN
NOVA
#1 THE CHARLTON ARROW
AC COMICS
MONSTER HUNTER!

When you hear the word Charlton and you are of my generation you think poor printing, hot rods, Timmy the Timid Ghost, romance and western comics but seldom superheroes. A poor attempt was made when Blue Beetle and Son of Vulcan appeared. It was the advent of Dick Giordano and the Action Hero Line which revived Captain Atom, the Ted Kord Blue Beetle, The Question, Peacemaker and others. A second wave brought us Doomsday+1, Sam Glanzman's Hercules, Vengeance Squad and E-Man.

While the Action Heroes ended up with DC and became the catalyst for *Watchmen*, only E-Man has managed to stay in front of comicdom through other publishers from Modern Comics to First Comics, Comico, Alpha, Digital Webbing and a trade collection from Devil's Due/1st Comics before seeing a return to comics under AC Comics. AC Comics has always been a home for classic comic characters particularly the Charlton Heroes with their *Sentinels of Justice* comic in the early days of AC Comics.

Now we have AC Comics presenting for *Charlton Neo: The Charlton Arrow #1* a new full color comic featuring the return of E-Man and Nova by their original creators: writer Nicola Cuti and artist Joe Staton. A wedding, a missing Mike Mauser, Cuti & Staton, full color — what's not to enjoy about this book? Add the return of *Monster Hunter* written by Paul Kupperberg and art by Mike Collins (*Doctor Who* and DC's *Peter Cannon Thunderbolt*) in a story that would creep out Cave Carson. Then taking a tip of the hat to Charlton Premiere we get a new character's introduction with Mr. Mxit by Roger McKenzie and Steve Butler.

As a fan of AC Comics going back to the fanzine days as well as a fan of Charlton going back to Gunmaster and Bullet, Captain Atom in *Strange Suspense Stories*, *Partridge Family* by Don Sherwood and the real Sarge Steel (not what DC has attempted), *Charlton Neo* from AC Comics has added to the Charlton legacy with quality product to go with quality creators. I can't wait for their next project. The fanboy in me feels 12 again.

WHAT DOES RESISTANCE MEAN, WHEN THERE'S NOTHING LEFT TO FIGHT FOR? THAT'S WHAT WAYNE, JEREMIAH, AND SOHAM, THE ONLY SURVIVORS OF THE DEVASTATING INVASION, STRUGGLE WITH – SEEKING A GLIMPSE OF A FUTURE THAT JUSTIFIES THEIR FUTILE PRESENCE ON A RUINED WORLD.

AS THEY PICK THROUGH THE REMAINS OF HUMAN CIVILISATION, KEEPING OUT OF REACH OF THE BUGS, NONE OF THEM SUSPECT THAT THEY ARE PART OF A MUCH LARGER PLAN, ONE THAT INVOLVES ANOTHER, UNKNOWN SURVIVOR...

BRITANNIA VOL. 2: WE WHO ARE ABOUT TO DIE TPB

Valiant's critically acclaimed, 10-time sold-out magnum opus returns with a brand-new journey into myth and mystery, from comics master Peter Milligan (*Shade, the Changing Man*) and incendiary artist Juan José Ryp (BRITANNIA)!

Fifty thousand Romans stand on their feet, watching from the rafters of the coliseum with captured breath as Achillia, a Gladiator unlike any that Rome has seen before, faces incredible odds - one lone warrior against five of Rome's greatest. Such is the tradition, when a female gladiator enters the fray. When the carnage is complete, the coliseum roars its approval as Achillia stands victorious. Now only one match away from winning her freedom, she has begun to gain renown. The women of Rome, suppressed by their husbands and fathers, have noticed. The men of Rome, husbands and fathers to a growing horde of women entertaining ideas of independence, have noticed as well.

On the other side of Rome, a strange mystery swirls through the Palatine Hill. In the dead of night, down winding alleys, Rome's elite swear that they see visions of a blood-soaked Apollo walking the city...visions that are driving them mad. Even more are becoming sick with weird fever god-dreams. Panic ensues in the city. The Chief Vestal, Rubria, is arrested by Emperor Nero and threatened with crucifixion unless the deadly curse that's fallen on Rome is lifted. She asks Antonius Axia, hero of Britannia and Rome's only detective, for help. She offers only one clue...the gladiator Achillia.

One of the manga world's most intriguing artists returns to the English language world with a re-release of his breakthrough work *Blame!* In a dystopian future, a complex network of machines has pushed humanity to the brink. (W) Katsuyuki Sumizawa
(A) Tomofumi Ogasawara, Yoshiyuki Tomino
One of the biggest anime/manga properties of all time returns with the release of *Mobile Suit Gundam Wing. Glory of the Losers* retells the original WING story by incorporating elements of the anime and its recent light novel adaptations. Following the actions of five fighters and their mobile suits (large robots made for destruction), *Gundam Wing* is a heavily political, dramatic action work that is centered around a war between Earth and its surrounding colonies in space. NICHIJOU VOLUME 10 GN

(W/A/CA) Keiichi Arawi
A witty surreal all-ages manga which revolves around the day-to-day lives of the young inhabitants of Tokisadame-city. Funny and heartwarming, *Nichijou* is a humorous look at modern day Japanese life in comic form. While the title suggests a story of simple, everyday school life, the contents are more the opposite. Set in a strange school where you may see the principal wrestle a deer or a robot's arm hide a rollcake the days that transpire through the course of Nichijou are curious and hilarious, if not downright bizzare. However admist all the chaos and comedy Arawi still takes time to share everyday slice of life stories giving readers an insight to modern Japanese youth culture. In the mid-21st century more than 98% of the world's population was wiped out by a devastating virus. Half of those who lived through the horror were completely immune, while the other half of the survivors mutated into something disturbingly subhuman called "Primals." Decades later, human survivors have set up small, highly guarded cities independent of one another across parts of the former United States. These are where the rich and powerful survive. However, the vast "wasteland" between these "strongholds" is an extremely dangerous and unforgiving place where gangs roam and terrifying Primals hunt in packs. Couriers are key to the survival of the rich and powerful and are paid handsomely to deliver valuables between cities. Eve Harper is the best at what she does, but when she takes a job to deliver goods to a dangerous gang leader, Eve is forced to use every trick she's ever learned in order to survive the riskiest run of her life. CHRIS WARE: MONOGRAPH HC BOOKPLATE EDITION

(W) Chris Ware, Ira Glass
(A/CA) Chris Ware

A flabbergasting experiment in publishing hubris, *Monograph* charts the art and literary world's increasing tolerance for the language of the empathetic doodle directly through the work of one of its most esthetically constipated practitioners. Arranged chronologically with all thoughtful critical and contemporary discussion common to the art book genre jettisoned in favor of Mr. Ware's unchecked anecdotes and unscrupulous personal asides, the author-as-subject has nonetheless tried as clearly and convivially as possible to provide a contrite, companionable guide to an otherwise unnavigable jumble of product spanning his days as a pale magnet for athletic upperclassmen's' ire up to his contemporary life as a stay-at-home dad and agoraphobic graphic novelist. STAN LEE: THE MAN BEHIND MARVEL HC

(W) Bob Batchelor

The Amazing Spider-Man. The Incredible Hulk. The Invincible Iron Man. These are just a few of the iconic superheroes to emerge from the mind of Stan Lee. From the mean streets of Depression-era New York City to recipient of the National Medal of Arts, Lee's life has been almost as remarkable as the thrilling adventures he spun for decades. In Stan Lee: The Man behind Marvel, Bob Batchelor offers an eye-opening look at this iconic writer, a man who created (with talented artists) many of history's most remarkable characters. Batchelor explores how Lee capitalized on natural talent and hard work to become the editor of Marvel Comics as a teenager. After toiling in the industry for decades, Lee threw caution to the wind and went for broke, co-creating the Fantastic Four, Spider-Man, Hulk, Iron Man, the X-Men, the Avengers, and others in a creative flurry that revolutionized comic books for generations of readers. Batchelor reveals the risks Lee took to bring the characters to life and Lee's tireless efforts to make comic books and superheroes part of mainstream culture for more than fifty years. Candid, authoritative, and absorbing, this is a biography of a man who dreamed of one day writing the Great American Novel, but ended up doing so much more — changing American culture. EAT LIKE WALT: THE WONDERFUL WORLD OF DISNEY FOOD HC

(W) Marcy Carriker Smothers

Although Disneyland opened in 1955, its culinary history dates back to 1923 when Walt Disney first arrived in Hollywood. *Eat Like Walt* explores the lore of each land, beginning with Main Street, U.S.A., an homage to Walt's childhood home of Marceline, Missouri, to Tomorrowland, set in futuristic 1986, a year Disney would not live long enough to see. By 1934, four years before his first feature film would be released, Mickey Mouse had made him famous enough to have a recipe published in *Better Homes & Gardens* magazine. Ask fans what Walt's favorite food was and most will say, "Chili." Chili has a cult status at Disneyland. People want to eat what Walt ate, the way he ate, where he ate it. (STL054768) (C: 0-1-0)

The Women of Walt Disney's Animation
Mindy Johnson
Foreword by June Foray

Walt Disney s pioneering efforts in animation transformed novelty cartoons into visual masterpieces, establishing many firsts for women within the entertainment industry along the way. Focusing on talent, Disney sought female story specialists and concept artists to expand the scope and sensibility of his storytelling. Upon establishing the first animation-training program for women, ink pens were traded for pencils as ladies made their way into the male-laden halls of animation. From the earliest black-and-white Alice Comedies to the advent of CAPS and digital animation, meet the pioneering women who brought handrendered animated stories to vibrant, multicolored life at Walt Disney Studios and beyond. And now, she has staked a claim in the plague-ravaged city of Atlanta. It is a safe haven for her people, rising high above the walker-ridden streets, a place of warmth and comfort. But for Lilly Caul, something is missing. She still dreams of her former home — the quaint little village known as Woodbury — a place of heartache as well as hope. For Lilly, Woodbury, Georgia, has become a symbol of the future, of family, of a return to normal life amidst this hell on earth. The call is so powerful that Lilly decides to risk everything in order to go back... to reclaim that little oasis in the wilderness. (STL054800) (C: 0-1-0)

007 MAGAZINE PRESENTS: THE JAMES BOND FILMS EXHIBITORS CAMPAIGN BOOKS VOLUME 2

All the James Bond films from *Dr. No* (1962) to *Licence To Kill* (1989) had Exhibitors' Campaign Books produced to accompany the release of each film. By the time Agent 007 returned to UK cinema screens after a six-year hiatus in 1995 with *GoldenEye*, the Exhibitors' Campaign Book had been discontinued, replaced by Spirex-bound marketing manuals and electronic press kits on VHS videocassette, and eventually CD-Rom, and DVD, but even these were discontinued after *The World Is Not Enough* (1999), and surprisingly, nothing was produced for the 40th anniversary film in the series, *Die Another Day*. However, a landscape format Marketing Guide was produced for *Casino Royale* (2006). (STL054495)

Loaded with dozens of rare never-seen-before behind the scenes photos, including those taken on location in Japan, this is a must-have for Bond and film fans alike. Famed film composer David Arnold writes about how the film inspired his future career, and writer Mark Cerulli discusses the film in detail, as well as interviewing actress Tsai Chin. All of this, plus comments from Ken Adam, Lewis Gilbert, Vic Armstrong, Peter Lamont — and many more — makes for the ultimate tribute to one of Sean Connery's most spectacular 007 films. GRAPHITTI DESIGNS FLASHBACK

Back in 1989 there were no comic book related, highly-detailed, cold-cast statues to be found. Our BETTY WOW, sculpted by Steve Kiwus, changed all that and brought us into the world of sculptors, castings...and eventually China. We quickly found ourselves working with Randy Bowen, producing the first DC Comics statues and making what we felt were definitive three-dimensional representations of the classic comic characters. Who could have imagined the statue market would explode and become as bountiful as it is today. Definitely not me!!

After enacting a powerful blood ritual, Mephiston and an honor guard of his fellow Blood Angels reach the stricken shrine world to find it seized by a religious civil war. Yet there is more at work here than a mere ideological schism, for Mephiston believes Divinatus Prime could offer answers to how he became the Lord of Death by resisting the Black Rage, and possibly even a way to end the curse of "the Flaw" in all Blood Angels. BIG TROUBLE IN LITTLE CHINA: OLD MAN JACK #1

Recommended by Sarah

There's been a lot of talk about remaking John Carpenter's mythic cult classic *Big Trouble in Little China* over the past few years. But in all the discussions and rumors, it's clear that the role of old dependable Jack Burton won't be going to Kurt Russell again. But even if we may never see Kurt Russell behind the wheel of the Pork-Shop Express again, BOOM! is ready to take us on one more ride with Jack Burton. *Old Man Jack* sees our now weathered hero facing off against the honest-to-goodness God of the East himself, Ching Dai. And when hell literally breaks loose on Earth, it's looking pretty grim.

Anthony Burch's signature style of over the top characters and dialogue punctuated by subtle wit pairs with Jorge Corona's expressive line work and monster design mix to make a campy creation that does its source material proud, while also feeling like a deserved update. If you're a fan of cult 80s action, this will definitely be something to check out!

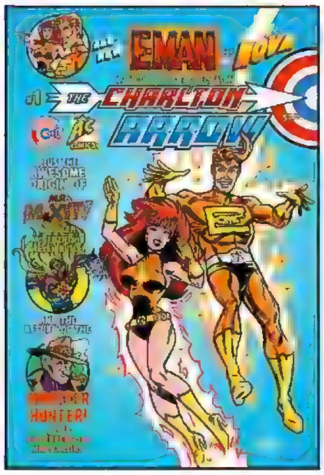
THE CHARLTON ARROW #1

Recommended by Steve



If you're of my generation and you hear the word Charlton, you may think poor printing, hot rods, Timmy the Timid Ghost, romance and western comics, but seldom super-heroes. The advent of Dick Giordano and the Action Hero Line revived Captain Atom, the Ted Kord Blue Beetle, The Question, Peacemaker, and others. A second wave brought us Doomsday+ 1, Sam Glanzman's Hercules, Vengeance Squad and E-Man.

While the Action Heroes ended up with DC and became the catalyst for *Watchmen*, only E-Man has managed to stay in front of comicdom through other publishers. Now we have AC Comics presenting for *Charlton Neo: The Charlton Arrow* #1, a new full-color comic featuring the return of E-Man and Nova by their original creators, writer Nicola Cuti and artist Joe Staton. A wedding, a missing Mike Mauser, Cuti & Staton, full color — what's not to enjoy about this book? Add the return of *Monster Hunter* written by Paul Kupperberg and art by Mike Collins in a story that would creep out Cave Carson.

As a fan of AC Comics going back to the fanzine days as well as a fan of Charlton going back to Gunmaster and Bullet, Captain Atom in *Strange Suspenstories*, *Partridge Family* by Dan Sherwood and the real Sarge Steel (not what DC has attempted). *Charlton Neo* from AC Comics has added to the Charlton legacy with quality product to go with quality creators. I can't wait for their next project. The fanboy in me feels 12 again.

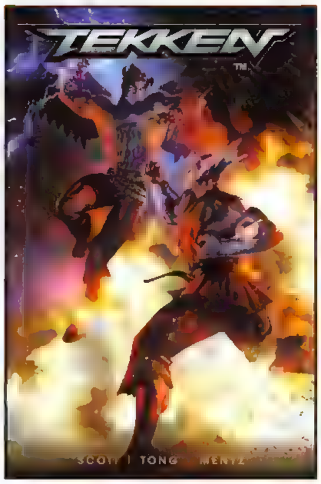
TEKKEN VOLUME 1 TP

Recommended by Jonathan



The *Tekken* franchise is making a big comeback this year. For fans of the series and those wanting to see what the hype is all about, look no further than Titan Comics' *Tekken* Volume 1 trade paperback, collecting the four issues from the hit comic series.

The Mishima family is clouded with betrayal and violence, and when they are at their lowest, an ancient evil rises to eliminate them. With fighters gathering to answer the call, what better way to settle a feud than with a martial arts tournament?

The Titan Comics series delves deep into the story that runs through *Tekken 7* and is an excellent companion to the videogame. The characters were always a big draw for me, and this new series does a stellar job of explaining the backstory for everyone's favorite fighters. There's even a panda!

LUCKY LUKE VOLUME 66: THE PROMISED LAND

Recommended by Steve

When you think European comics you might tend to think books by Moebius, Bilal, and for younger readers Asterix, but there is so much more. I came across Lucky Luke in a "real" bookstore looking for anything comics and there, on the shelves with Asterix and [illegible] was Lucky Luke from Dargaud. Lucky Luke was a man with a sense of justice and a bigger hand that would put Terence Hill's Trinity to shame.

This particular volume caught my eye as Luke is asked by a friend to escort his family from Poland to their new home in the west. It's difficult enough but to be Ashkenazi Jews traveling with their Torah — Oy Vey! The story reads like a companion story to The Frisco Kid, another story of a naive young Rabbi trying to find his way to his new congregation dealing with new cultures and trying to remain faithful to his own. If you liked the humor of the movie featuring Gene Wilder and Harrison Ford and decide to make a graphic novel, then Lucky Luke and the Promised Land is no brainer.

FLIPSIDE

THE SAGA CONTINUES— FOR ALL AGES!

This September, IDW Publishing will take comics readers to *"A Galaxy Far, Far Away"* in all-new comic book adventures. You may be saying to yourself, *"Hey, doesn't Marvel* (owned by Disney, who also owns Lucasfilm Ltd.) *do their own successful* Star Wars *comics each month?!"* And you would be right. Marvel's *Star Wars* comics are aimed at an older readership, which sometimes leaves younger fans out of the fun due to their more mature content. To balance things, Disney and Lucasfilm went to IDW Publishing (home to a series of best-selling comics based on the beloved Disney toons) to task them with creating an all-ages *Star Wars* series for kids — and everyone! *Star Wars Adventures* #1 debuts this September, and we spoke with Chief Creative Officer of IDW Publishing Chris Ryall, and Editor and Writer Bobby Curnow about the new series, working with Disney and Lucasfilm, and whether the Galaxy is big enough for two *Star Wars* comic book publishers…

What's the story behind the creation of the Star Wars line at IDW?

Chris Ryall: For some years now, IDW has put great value on developing comics for younger readers and really cultivating the next generation of comics fans. As part of that ongoing initiative, through our partnership with Disney, we had an opportunity to discuss taking that same all-ages approach with a Star Wars title. Happily, that initial proposal was met with great enthusiasm and approval, and now here we are.

This new line is being called an "All-Ages" line, but does that mean "for kids only" or are these going to be books that all Star Wars fans can enjoy?

CR: Our approach on all our so-called "all-ages" comics has been to make comics like we read as kids, before comics were as strictly aimed at a target demo (before the words "target demo" were a thing, really). Meaning the comics are aimed at a younger audience but nevertheless will offer fun, accessible, high-adventure stories that work for multiple audiences.

Bobby Curnow: I think Chris said it well. We won't be covering overly dark storylines (though there will be some sad and touching stories) or anything too violent. Overall our tone is going to focus on action, adventure and humor. But there's going to be plenty of fun things for super fans for all ages to dig into and digest.

What parts of the Saga will be covered in this new line? Will it skew mainly towards the TV series (Clone Wars, Rebels) or will it involve all of the Saga as seen in the Episodic films and Marvel comics?

CR: Our grant of rights covers all the movies — even a couple you haven't seen yet! — as well as the recent TV series. So you'll see characters from Rey and Finn to Luke and Leia to Ashoka or Ezra.

BC: That's what's really exciting to me about this series… being able to pull from the fantastic stories and characters throughout the *Star Wars* saga. We'll have something for fans of any iteration.

Bobby Curnow

Chris Ryall

What does the overall publishing plan for year one of Star Wars look like at IDW?

CR: It looks *mysterious* at this time — there are already a few fun surprises we've got planned that we'll keep cloaked in mystery for a bit longer. But at the start, we're launching with two issues in September and rolling forward on a monthly basis from there.

As you are basically creating new Star Wars stories that will be treated as canon within the overall history of the series, how much creative control will you be working under to that regard?

CR: Bobby can speak more specifically to this but my answer right now is a vague and shadowy *"yes and no."* Much more yes than no. (And yes, this vague reply will make more sense as we go along)

BC: Ha, yes, I think it's safe to reveal at this time that the stories will be canon. We're working closely with the folks at Lucasfilm to make sure everything "fits" with the films and shows. We're in the early days, but thus far I've found that the resulting collaboration with Lucasfilm has opened a ton of story potential. They clue us into untapped story potential that we might have otherwise missed.

Along those lines, will you be "sharing notes" with the crew at Marvel Comics and possibly collaborating on storylines or break canon and simply do your own independent adventures?

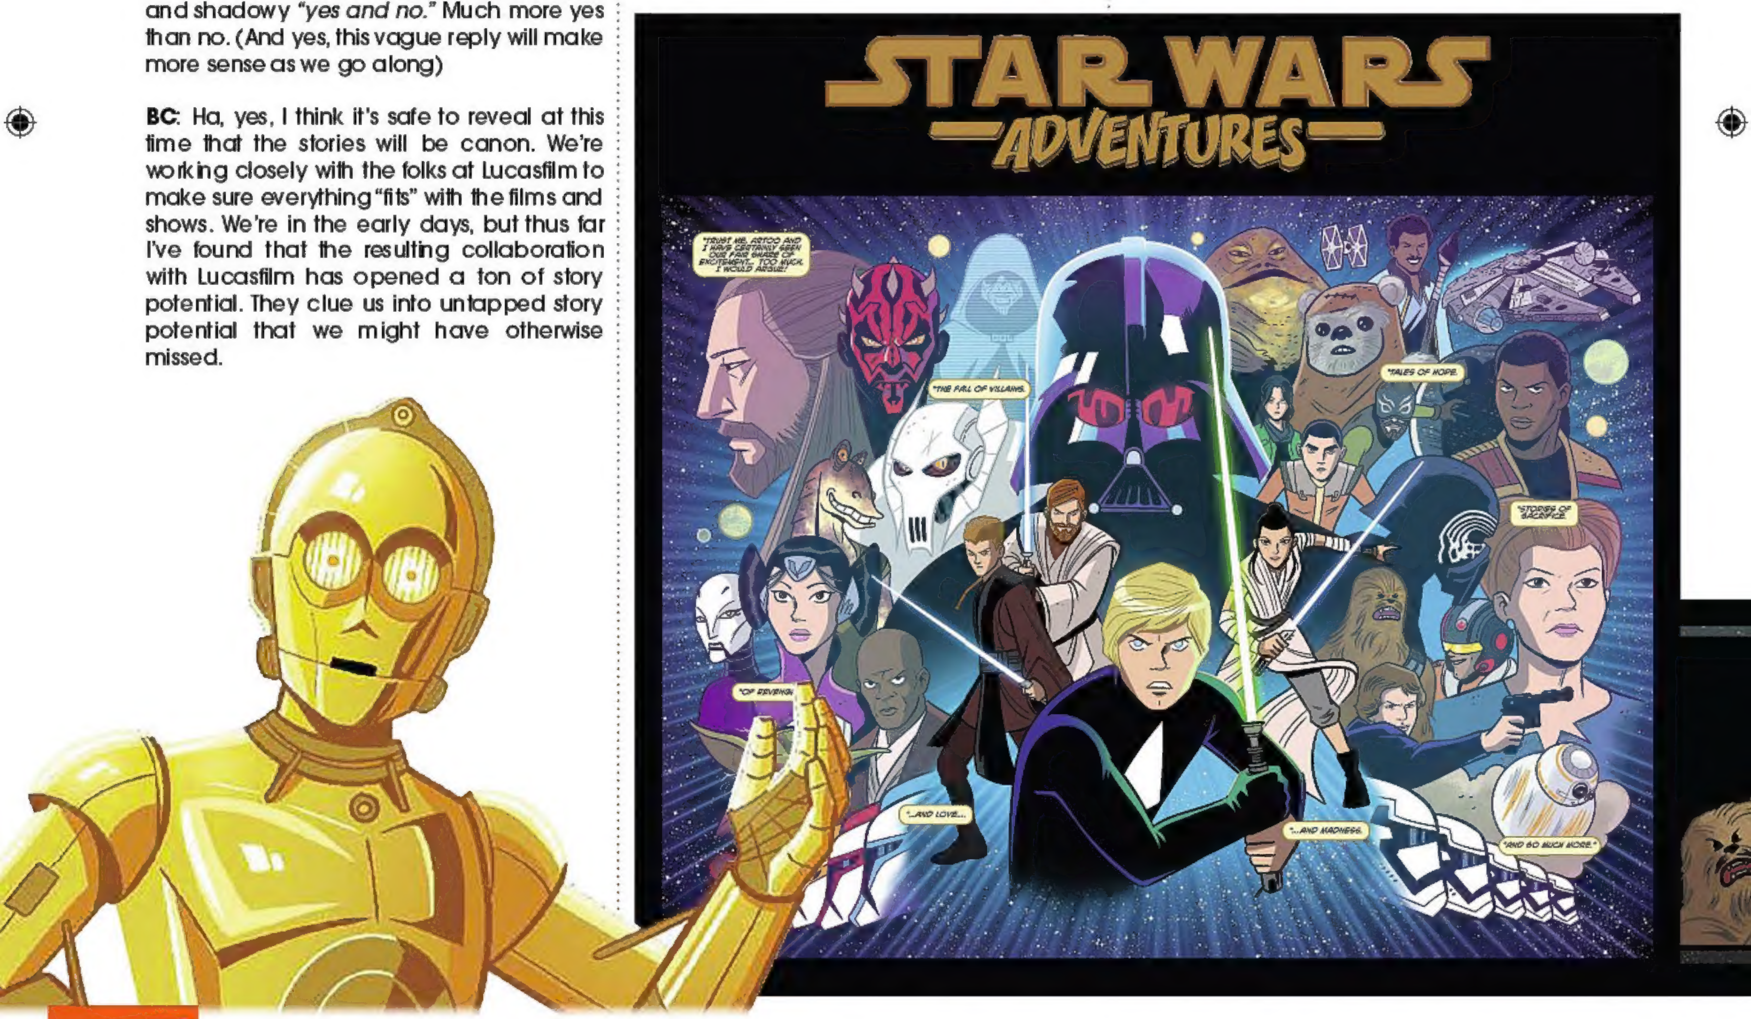
CR: I think the last thing we'd want to do is complicate Marvel's hard work in tying their comics in so tightly and successfully as they've been doing with the current continuity. So we'll be working in and around what they're doing. These comics are intended to complement their books and offer the future readers of their comics a nice starting place.

Basically, if *Star Wars* comic readers with kids can hit the comic shop and grab the ongoing *Star Wars* or *Darth Vader* comics for themselves and pick up our *Adventures* title to read with their kids and help foster their children's interest in comics and *Star Wars*, that's what I'd consider a big success.

Chris and Bobby, as you will be overseeing the line, have you begun to line up any creative teams for your new series yet?

CR: Bobby is directly editing this one so that's a question best answered or hinted at by him.

BC: I should give a brief shout-out to my co-editor Denton J. Tipton who is currently out on medical leave but will hopefully return to us soon! A bit too early to discuss specifics, but yes, I'm currently neck-deep in discussions with various creators. We're casting a wide net, working with big established creators, new up and comers, and veterans from other *Star Wars* media. I don't think there's any other universe that conjures as much passion as Star Wars, so it's been extremely fun to share in creator's enthusiasm for this.



STAR WARS
ADVENTURES
"TRUST ME, ARTOO AND I HAVE CERTAINLY SEEN OUR FAIR SHARE OF EXCITEMENT... TOO MUCH, I WOULD ARGUE!
"THE FALL OF VILLAINS.
"TALES OF HOPE.
"STORIES OF SACRIFICE.
"OF REVENGE...
"...AND LOVE...
"...AND MADNESS.
"AND SO MUCH MORE."

Do you have anything special planned for the launch of your initial series?

BC: The first peak at our approach to *Star Wars Adventures* will be a short "ashcan" comic that will debut at San Diego Comic Con; an eight-page story by writer Landry Walker and artist Derek Charm, that will give a taste of the overall tone we're aiming for with the ongoing title. Then we'll launch in September with our first two issues that will focus on characters from the new films to best capitalize on the upcoming excitement for *Episode 8*.

Chris and Bobby: Which one of you is the bigger Star Wars fan? "Extreme Acts of Nerdliness" may be sited (or boasted about) to help prove their dominance.

CR: Well, I've got however many years on Bobby, so if years spent being a *Star Wars* fan is any qualifier, I'll claim the title! I had the novelizations, the comics, the storybooks, the vinyl records as a kid (as well as all the action figures). To this day, I can solidly quote about 45 minutes of *The Empire Strikes Back* verbatim, because that's how much was excerpted on that vinyl record I listened to incessantly. And when I was a little kid, my dad, an LA County Sherriff, brought home an original production sample Darth Vader helmet he got somehow. He never did 'fess up to how, or I was too young to know why he had it. Did he do security for them? Know someone at Lucasfilm? I have no idea — I just know that that Darth Vader helmet is now sitting proudly on my bookcase. As for admitting if I try it on and attempt the James Earl Jones voice every now and again, well, that might be too extreme an Act of Nerdliness for me to want to have in print... (*Too late!* ~ Ed.)

BC: I'll let Ryall take the mantle. However, I also have a story of parental kindness that has stayed with me. When I was a child I had one eye that was weaker than the other. To strengthen the weak eye, I covered the strong one with an eye patch, which meant that I could barely see for several months, which was a scary for a little kid. My mom tracked down the very-difficult-to-find Darth Vader action figure to give me as a reward upon completion of those months — a toy that I treasure to this day. So, while I perhaps cannot go down the *Star Wars* trivia minutiae as far as Chris, I can say definitively that *Star Wars* has gotten me through some tough times and, as a result, there's a special place in my heart for this saga.

Is there anything you wish to share with your potential audience to help sell them on IDW's new Star Wars series?

CR: Hopefully all of the above! But I'd say for anyone whose kids are looking for fun, visually appealing *Star Wars* comics that tell "done-in-one" or two-part stories, comics that will feature popular characters as well as fun, lesser-seen and obscure ones, comics that span the entirety of the *Star Wars* universe, well then, our *Adventures* are for you! And you. And you. And...

BC: What's fantastic about *Star Wars* is that it's not exclusive. It never talks down to anyone... it welcomes everyone into its world. That's going to be our attitude to these comics. Creating something that long-time fans can enjoy while understanding first and foremost that this could be someone's first experience with the *Star Wars* universe. As such, we're going to do everything we can to make sure our comics are something that will make young readers love both *Star Wars* and the comics medium for many, many years to come.
